

Marion Marsh

*~Teacher Certified in Infants/Toddlers and Preschool by DEEC
~Enrolled in Early Childhood Courses towards Lead Teacher Certification
~Bachelor in Asian Studies and Environmental Studies
~Teaching at TLC since 2017*

Hello everyone! My name is Marion and this is my second year working at TLC, first year as a full-time teacher. Some of you may remember me from last year as an Assistant Teacher, where I bounced between Wayland and Newton helping; I am still continuing to work at both locations, and am enrolled in Early Childhood courses as I work towards my Lead Teacher Certification through the department of Early Education. My teaching style focuses on creating a sense of independence and responsibility while also cultivating problem solving skills in each child. Implementing child-led activities, as well as asking children “Why?” and “What next?” questions are ways I try to empower children and help them take ownership of their learning. I cannot stress kindness and tolerance enough, and look forward to working and learning with everyone!
